Academy Opt-in Page: Page Feedback

Dr. Dharius Daniels · Relational Intelligence Academy ($997, starts Nov 17, enrollment closes Nov 16) · Review date: Nov 3, 2026

Page reviewed: workwiththedaniels.com/academy (step 1 of 2: the form, then secure checkout)

Overall: the design is polished and the curriculum is easy to follow. Before any traffic goes to it, fill in the **3 placeholders that are live on the page**, settle the **payment options** and **deadline time**, and **move the price above the form**. Most other changes are text swaps or spacing. The mobile layout works (no sideways scrolling, every button reaches the form), with a few fixes in the mobile section.

How to read this

- **Click any row in the summary** to jump to that fix. Every fix has a ↑ Back to summary link.
- The 4 yellow numbers on the screenshots match the numbered fixes. Mobile fixes are M1 – M5 (last pages).
- CHANGE NOW ready to apply
  CONFIRM FIRST wait for the go-ahead (a fact, date or asset needs confirming)
- For text changes: CURRENT is what's on the page now, CHANGE TO is the new text. Anything in **[BRACKETS]** is a detail we still need from the client; don't publish brackets.

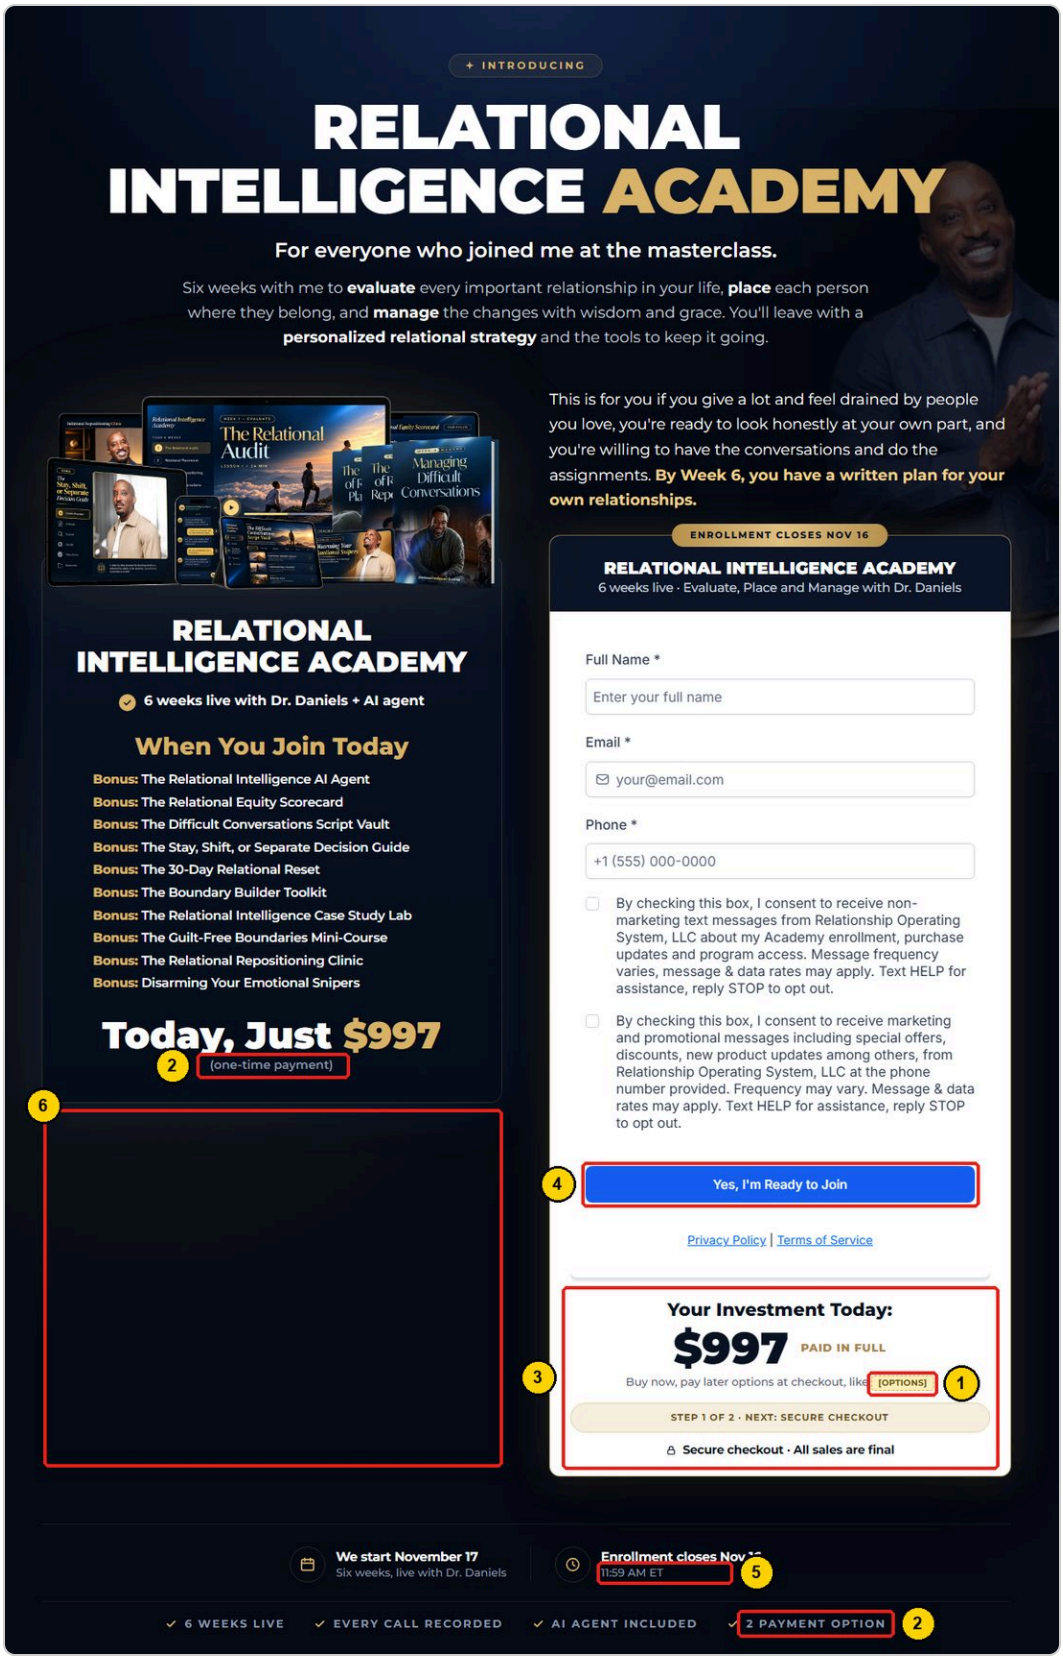

Summary: click any row to jump to it

30 fixes: 25 for the page and settings (12 ready now, 13 need confirmation), plus 5 for mobile.

#	What to fix	Where	Status
FIX BEFORE ANY TRAFFIC			
1	"[OPTIONS]" placeholder is live (3 places): name the pay-later providers or delete the line →	Price boxes, recap	CONFIRM FIRST
18	"[REASON FOR THE DEADLINE]" placeholder is live →	Deadline card	CONFIRM FIRST
20	"[TIME PER WEEK]" placeholder is live →	FAQ	CONFIRM FIRST
2	Payment options don't match: "one-time payment" vs "2 payment option" and "2 payments of $597" →	Hero, trust row, FAQ	CONFIRM FIRST
5	Enrollment closes "11:59 AM ET": confirm AM or PM (5 places + countdown) →	Whole page	CONFIRM FIRST
13	AI Agent: confirm it's live Nov 17; call it an "AI guide", not a "coach"; add a one-line disclosure →	AI section, Bonus 1	CONFIRM FIRST
3	Price sits under the form button: move "$997" and "Step 1 of 2" above the fields →	Both forms	CHANGE NOW
DESKTOP PAGE (also applies on mobile)			
4	Form button is default GHL blue: make it gold like every other button →	Both forms	CHANGE NOW

6	Big empty space under the left offer card →	Hero, final section	CHANGE NOW
7	Week 3 cover says "The **Principles** of Relational Repositioning" → "The **Practice** of…" →	Week 3 image	CHANGE NOW
8	Week headers: one layout for all six; fix the floating EVALUATE / PLACE / MANAGE pills →	Weeks 1–6	CHANGE NOW
9	Live call day and time only appear inside an image (ET on the page, CT on the share image) →	Laptop image, delivery, FAQ	CONFIRM FIRST
10	Tone check: "relationships costing you the most" and "Separation and Elimination" →	Week 1, Week 6	CONFIRM FIRST
11	No credentials anywhere: add a 2-line bio (author of *Relational Intelligence*, etc.) →	How it's delivered	CHANGE NOW
12	No testimonials: add 3 real, approved ones →	After "How it's delivered"	CONFIRM FIRST
14	Bonus heading → "Plus 10 Bonuses When You Join Today"; drop "Bonus:" from card titles →	Bonuses	CHANGE NOW
15	Bonus cards are mostly empty space (~2,900px desktop, ~5,000px phone): make them compact →	Bonuses	CHANGE NOW
16	30-Day Reset image has a grey patch: re-export with a transparent background →	Bonus 5	CHANGE NOW
17	Repositioning Clinic: add when it happens →	Bonus 9	CONFIRM FIRST
19	Refund answer: point to the policy and the support email →	Policy card, FAQ	CHANGE NOW
21	"ministry" in the FAQ (Relational Intelligence pages avoid church framing) →	FAQ	CONFIRM FIRST
22	Final section: two "Enrollment closes" labels, and the "This is for you if…" paragraph for the 3rd time →	Final section	CHANGE NOW
23	Footer © names Dr. Dharius Daniels; the legal pages name Relationship Operating System, LLC →	Footer	CONFIRM FIRST
SETTINGS (not visible on the page)			
24	No Meta pixel or Google tag loads on the page →	Funnel tracking code	CONFIRM FIRST
25	Two main headings (H1): make the final-section title an H2 →	Final section code	CHANGE NOW
MOBILE ONLY (iPhone size)			
M1	Labels are 10–11px: bring to 12px minimum →	Pills, countdown, tags	CHANGE NOW
M2	Consent checkboxes are 16px: make them 22–24px →	Both forms	CHANGE NOW
M3	Six big cover images make "Inside the Academy" ~7,300px tall →	Weeks 1–6	CHANGE NOW
M4	Form starts just below the first screen: hide the repeated paragraph on phones →	Hero	CHANGE NOW
M5	Bonus cards: image beside the text on phones →	Bonuses	CHANGE NOW

Desktop · Hero and order form

3 The price sits under the form button CHANGE NOW

↑ Back to summary

People fill in the form and reach the button before they see "$997" or "Step 1 of 2". Move the **"Your Investment Today: $997 PAID IN FULL"** block (with the pay-later line) to the top of the white form card, above Full Name. Keep "Secure checkout · All sales are final" under the button.

The **"STEP 1 OF 2 · NEXT: SECURE CHECKOUT"** pill looks like a button but does nothing when tapped. Make it plain small text (no fill, no border) and put it just above the fields. Same change in the final section's form.

4 Form button and form links CHANGE NOW

↑ Back to summary

The form button is GHL's default blue (Roboto, 14px). Every other button on the page is gold. In the form's style settings:

- Button: the same gold gradient as the "YES, I'M READY TO JOIN" buttons, dark navy text, Montserrat bold, uppercase, 15–16px, about 56px tall.
- Button text: **YES, I'M READY TO JOIN** (same words as the other buttons, in capitals).
- "Privacy Policy | Terms of Service" links: muted grey instead of bright blue.

> CURRENT LINK TEXT
> Terms of Service

> CHANGE TO
> Terms and Conditions (matches the footer and the policy page's own title)

1 "[OPTIONS]" placeholder is live in 3 places CONFIRM FIRST

↑ Back to summary

Shown in the hero price box, in the recap above the second gold button, and in the final price box.

> CURRENT
> Buy now, pay later options at checkout, like [OPTIONS]

Question for the client: which pay-later providers are switched on at checkout (for example Klarna, Afterpay or Affirm)? Put their names in place of [OPTIONS]. If none are switched on, delete the line in all 3 places (and the pay-later part of the FAQ answer, item 2).

2 Payment options don't match CONFIRM FIRST

↑ Back to summary

Where	What it says now
Hero offer card (left)	Today, Just $997 **(one-time payment)**
Both price boxes and the recap	$997 **PAID IN FULL**
Row under the hero	**2 PAYMENT OPTION**
FAQ "How does payment work?"	Pay $997 in full, **choose 2 payments of $597**, or use a buy now, pay later option at checkout.

Nothing on the page links to a 2-payment checkout, so people can't take the option the FAQ offers.

If the 2-payment plan is offered:

- "(one-time payment)" → **"(or 2 payments of $597)"**
- Under each "$997 PAID IN FULL", add a line: **"Prefer 2 payments? 2 × $597"**, linked to the 2-payment checkout.
- "2 PAYMENT OPTION" → **"2-PAYMENT OPTION"**
- Optional, for clarity: in the FAQ, "2 payments of $597 ($1,194 total)".

If it isn't offered: remove "2 PAYMENT OPTION" from the row and "choose 2 payments of $597" from the FAQ.

5 "11:59 AM ET": confirm AM or PM CONFIRM FIRST

↑ Back to summary

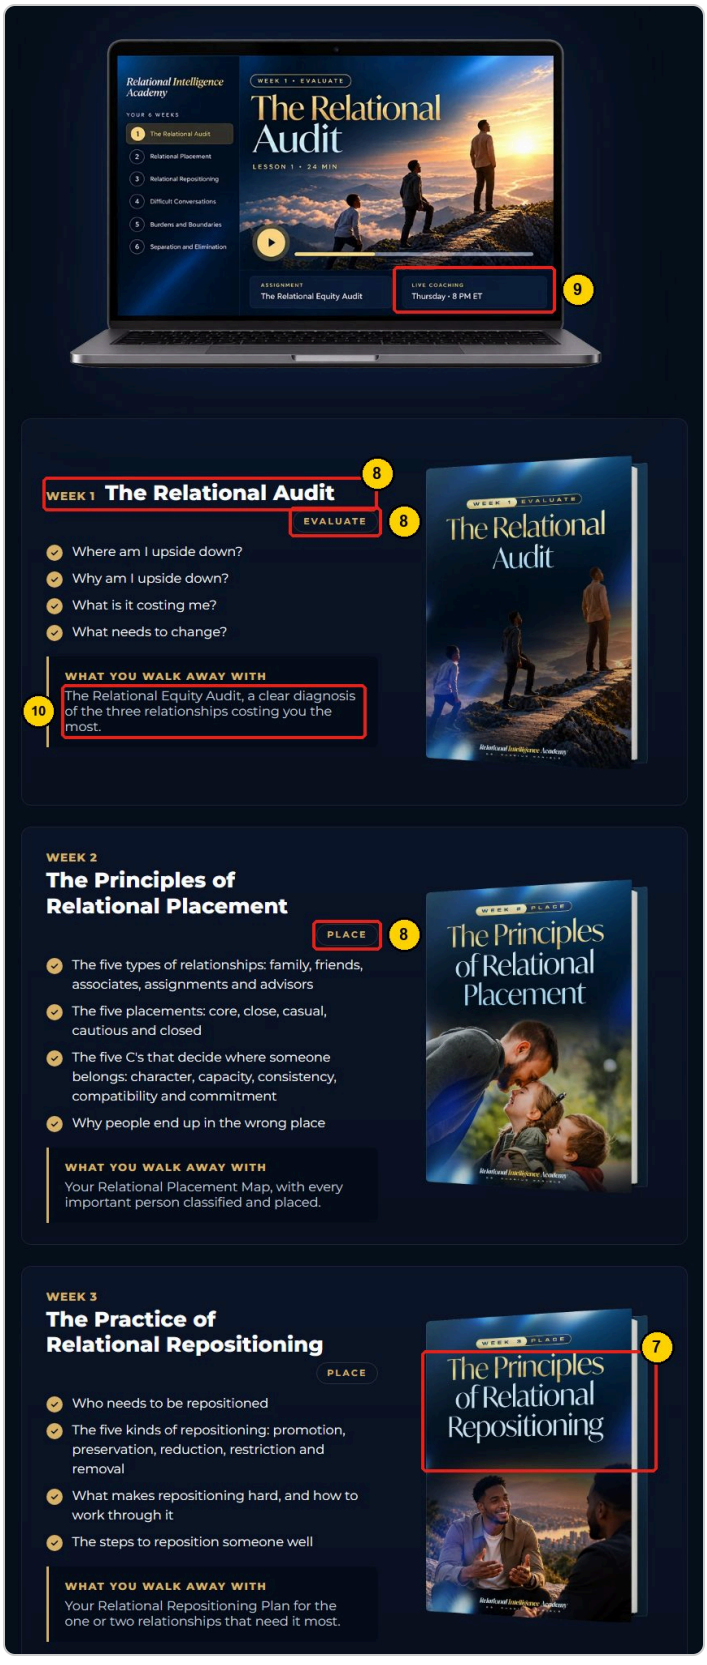

The deadline shows **11:59 AM ET** in 5 places: the row under the hero, the line above the gold button after Week 6, the deadline card, the final-section label, and the countdown (which counts to Nov 16, 11:59 AM ET). Most enrollment deadlines close at 11:59 **PM**, so please confirm. If it's PM, change all 5 and reset the countdown to 11:59 PM ET.

6 Empty space under the left offer card CHANGE NOW

↑ Back to summary

On desktop the left card ends about 400px above the bottom of the form, which leaves a blank dark block (here and in the final section). Make the left card sticky so it moves alongside the form (`position: sticky; top: 24px;`), or move the "We start November 17 / Enrollment closes" row into that space.

Desktop · "Here's exactly what's inside" (Weeks 1–3)

7 Week 3 cover has the wrong title CHANGE NOW

↑ Back to summary

The heading, the image's alt text and the course menu in the laptop image all say **"The Practice of Relational Repositioning"**. The cover artwork says **"The Principles of Relational Repositioning"** (copied from Week 2). Fix the artwork, and the source file too in case it's used in emails or ads.

8 Week headers: use one layout CHANGE NOW

↑ Back to summary

Week 1 puts "WEEK 1" and the title on one line; Weeks 2–6 put "WEEK 2" on its own line. The EVALUATE / PLACE / MANAGE pill floats to the right edge under each title and doesn't line up with anything. For all six weeks, use one small gold line above the title and remove the separate pill:

> CHANGE TO
> WEEK 1 · EVALUATE
> **The Relational Audit**

9 Live call day and time: put it in text, and make it match CONFIRM FIRST

↑ Back to summary

The only place the call schedule appears is inside the laptop image: **"Live coaching · Thursday · 8 PM ET"**. The share image (the preview people see when the link is posted) shows **"Thursday · 8 PM CT"**. Also, November 17 is a **Tuesday**; if calls are on Thursdays, the first call would be November 19.

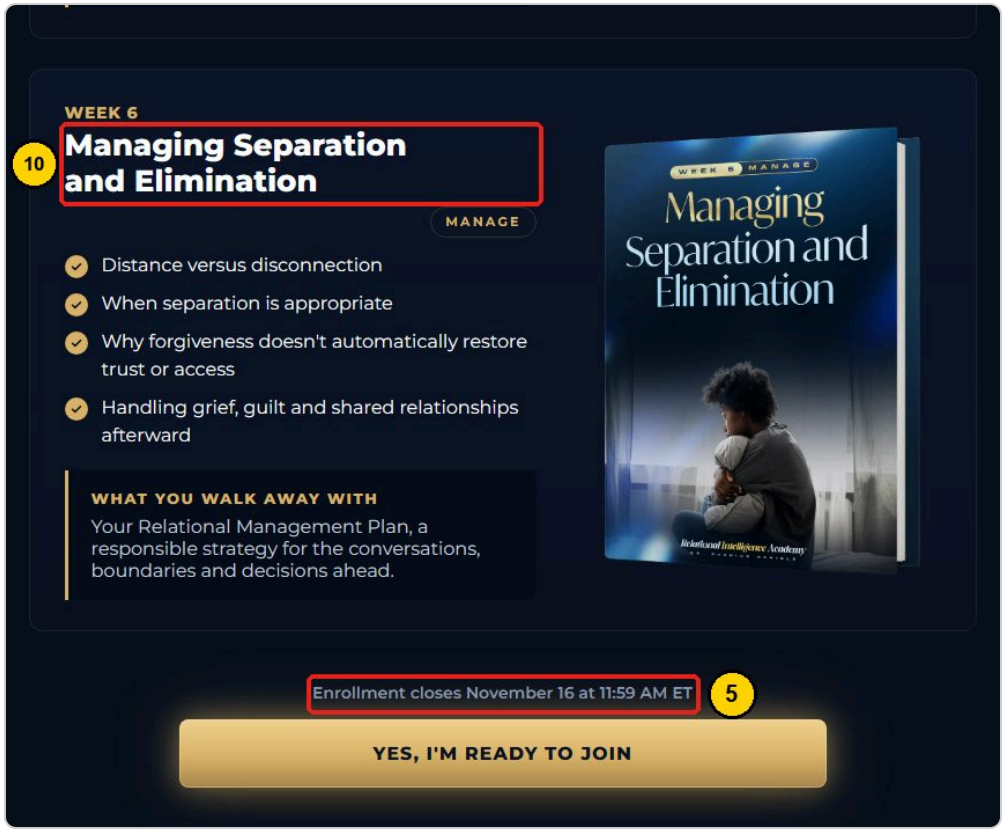

Question for the client: which day and time are the live calls, and in which time zone? Then:

- Make the laptop image and the share image show the same day, time and time zone.
- In "How it's delivered", add after the first sentence: **"Live coaching calls are on [DAY]s at [TIME] ET, starting [DATE]."**
- FAQ "When does it start?" (see the FAQ screenshot):

> CURRENT
> November 17.

> CHANGE TO
> November 17. You'll get your login details by email right after you enroll, and the first live coaching call is [DAY, DATE] at [TIME] ET.

Desktop · Week 6 and the button after the weeks

10 Tone check: two phrases read harsher than the rest CONFIRM FIRST

↑ Back to summary

The page is balanced everywhere else ("look honestly at your own part", "This isn't for you if… you want permission to cut everyone off"). Two spots lean colder. Ask Dr. Daniels:

CURRENT (WEEK 1, "WHAT YOU WALK AWAY WITH")

The Relational Equity Audit, a clear diagnosis of the three relationships costing you the most.

SUGGESTED

The Relational Equity Audit, a clear picture of the three relationships you most need clarity about.

CURRENT (WEEK 6 TITLE)

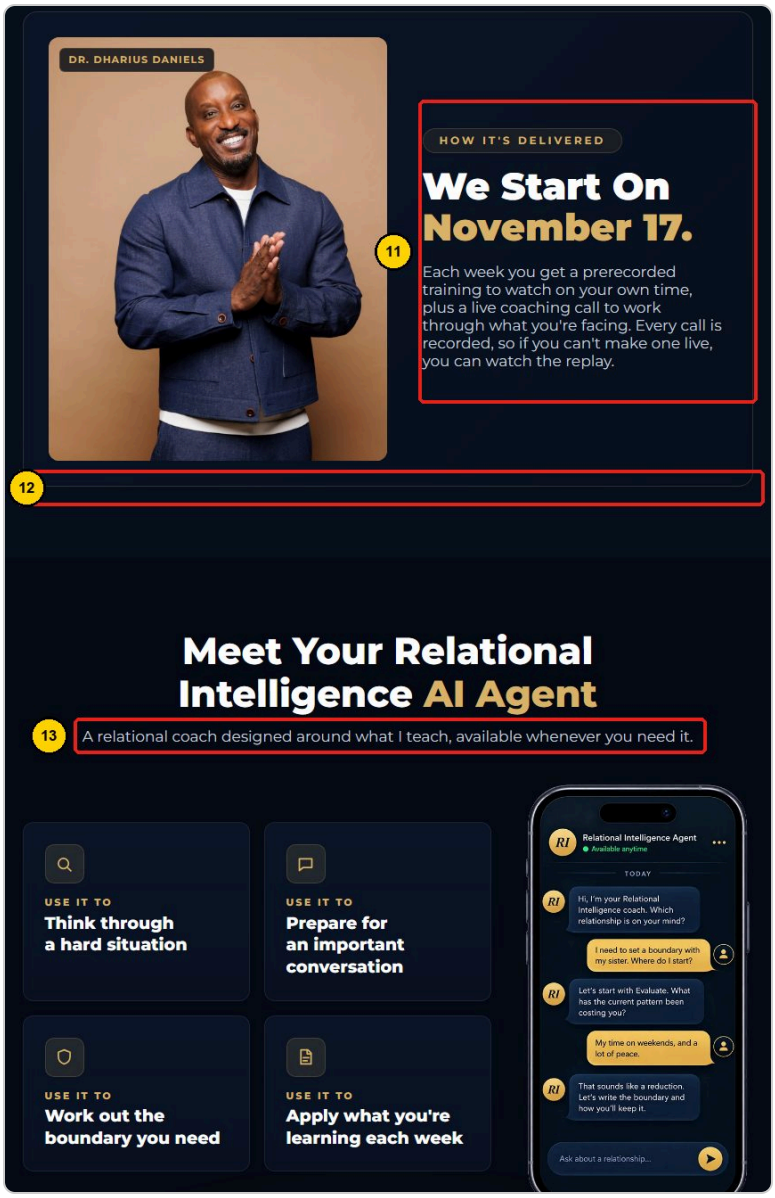

Managing Separation and Elimination

SUGGESTED (IF HE AGREES)

Managing Distance and Endings

If the Week 6 title changes, update the cover image and the laptop image's course menu too. If he prefers to keep it, leave all three as they are.

Desktop · How it's delivered + Meet your AI Agent

11 Add a short bio (the page has no credentials) CHANGE NOW

↑ Back to summary

His photo and name appear, but nothing says who he is. For a $997 decision, add 2 lines under the paragraph in this card (facts from his bio; book title in italics):

> **ADD**
> Dr. Dharius Daniels is the author of *Relational Intelligence: The People Skills You Need for the Life of Purpose You Want* and a certified emotional intelligence specialist. He holds postgraduate degrees from Princeton and Fuller and has more than 20 years of leadership experience.

12 Add testimonials (new section) CONFIRM FIRST

↑ Back to summary

There's no proof from people anywhere on the page. Add a short section **right after this card**, before the AI Agent:

- Heading: **What People Are Saying**
- 3 cards: photo (optional), first name + city or role, a 1–3 line quote.
- Best sources: people who attended the Nov 10 masterclass, readers of the book, or members of his coaching programs.
- Use only real, approved quotes. No quotes promising that someone else changed, or any guaranteed result.

13 AI Agent: confirm it's ready, and describe it accurately CONFIRM FIRST

↑ Back to summary

a) Is it live on November 17? The page promises it 5 times (hero card, trust row, its own section, Bonus 1, recap). The site's AI disclaimer says "if made available with your purchase", so please confirm.

b) "Coach" wording. The AI disclaimer says the agent isn't Dr. Daniels or a professional advisor, but the page calls it a "relational coach" twice:

> CURRENT (SECTION SUBHEADING)
> A relational coach designed around what I teach, available whenever you need it.

> CHANGE TO
> An AI guide built around what I teach, available whenever you need it.

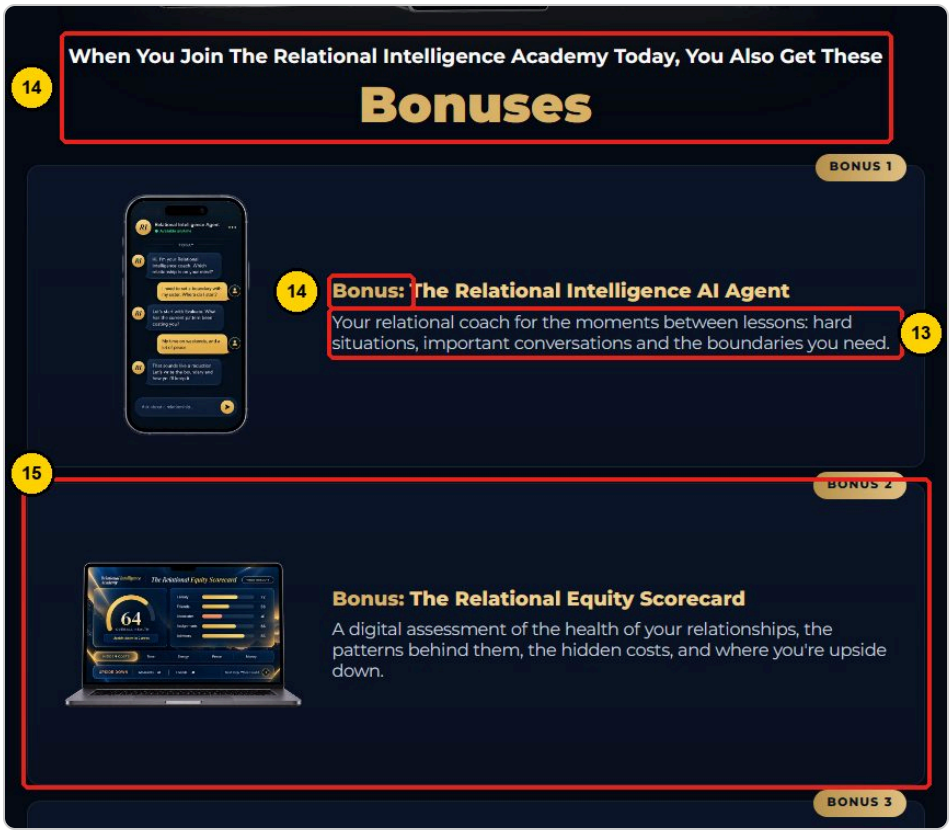

> CURRENT (BONUS 1 TEXT, SEE THE BONUSES PAGE)
> Your relational coach for the moments between lessons: hard situations, important conversations and the boundaries you need.

> CHANGE TO
> An AI guide for the moments between lessons: hard situations, important conversations and the boundaries you need.

c) Add one small line under the four "Use it to" cards, linking to the Educational and AI Disclaimer:

> ADD
> The AI Agent is an educational tool. It isn't Dr. Daniels, a therapist or a counselor, and it can make mistakes. See the Educational and AI Disclaimer.

Desktop · Bonuses

14 Bonus heading and card titles CHANGE NOW

↑ Back to summary

The long line is small and the one word "Bonuses" is big, so the heading reads backwards.

> CURRENT
> When You Join The Relational Intelligence Academy Today, You Also Get These Bonuses

> CHANGE TO (ONE HEADING, "10 BONUSES" IN GOLD)
> Plus 10 Bonuses When You Join Today

Also remove "Bonus:" from the start of each card title; the "BONUS 1–10" tag already says it (e.g. "Bonus: The Relational Equity Scorecard" → "The Relational Equity Scorecard"). Keep "Bonus:" in the hero list, where there's no tag.

15 Bonus cards are mostly empty space CHANGE NOW

↑ Back to summary

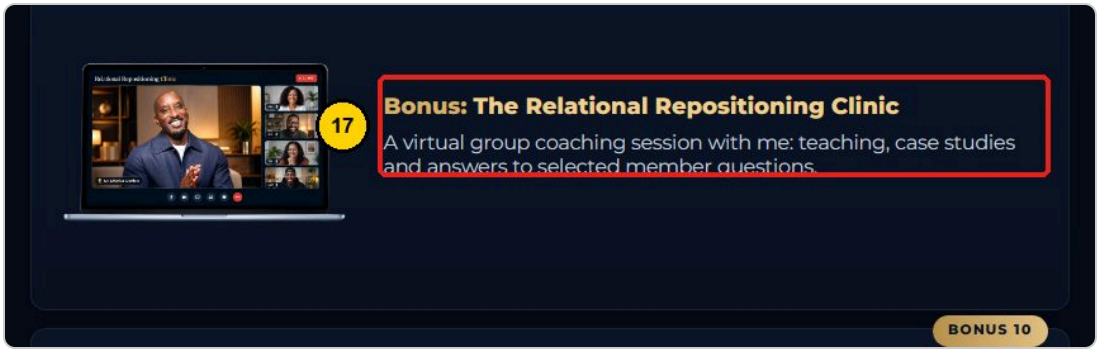

Each card is about 270px tall for two lines of text, so the 10 cards take about 2,900px on desktop and about 5,000px on a phone. Desktop: show **2 cards per row**. Phones: see M5.

16 30-Day Relational Reset image has a grey patch CHANGE NOW

↑ Back to summary

The desk calendar sits on a light grey area that shows under its base. Re-export the image with a transparent background, like the other bonus images.

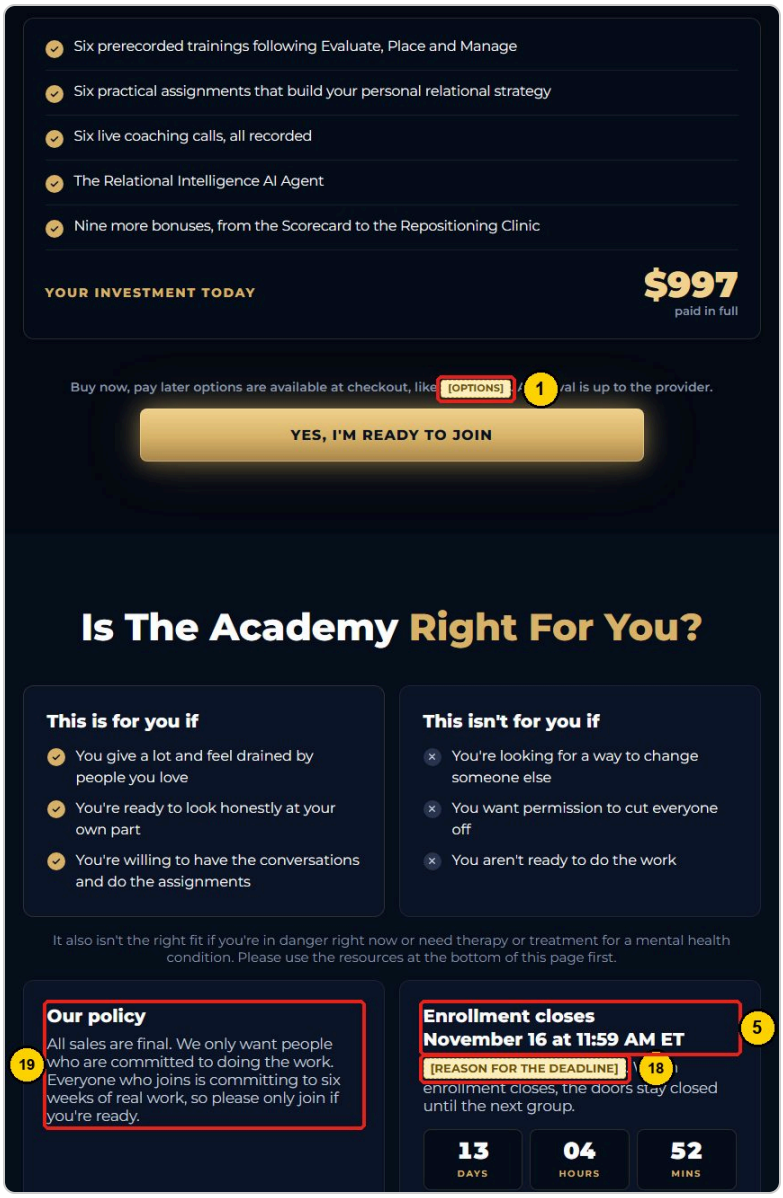

17 Relational Repositioning Clinic: when is it? CONFIRM FIRST

↑ Back to summary

"A virtual group coaching session with me" has no date. **Question for the client:** when does it happen (a date, or "during Week [X]")? Add it to the end of the card text, for example: "...answers to selected member questions. Live on [DATE]."

Desktop · Recap, "Is the Academy right for you?" and policy

18 "[REASON FOR THE DEADLINE]" placeholder is live CONFIRM FIRST

↑ Back to summary

> **CURRENT**
> [REASON FOR THE DEADLINE]. When enrollment closes, the doors stay closed until the next group.

Question for the client: what's the real reason enrollment closes on November 16? A possible line, **only if true**: "We close enrollment the day before we start so the whole group begins together." If there's no reason to share, delete the placeholder so the card just says:

> **FALLBACK**
> When enrollment closes, the doors stay closed until the next group.

19 Refund wording: point to the policy CHANGE NOW

↑ Back to summary

"All sales are final" matches the Refund and Cancellation Policy. Two small changes make it clearer and match what the policy page offers for billing or access problems:

CURRENT CARD HEADING

Our policy

CHANGE TO

All sales are final

CURRENT FAQ ANSWER ("CAN I GET A REFUND?")

All sales are final.

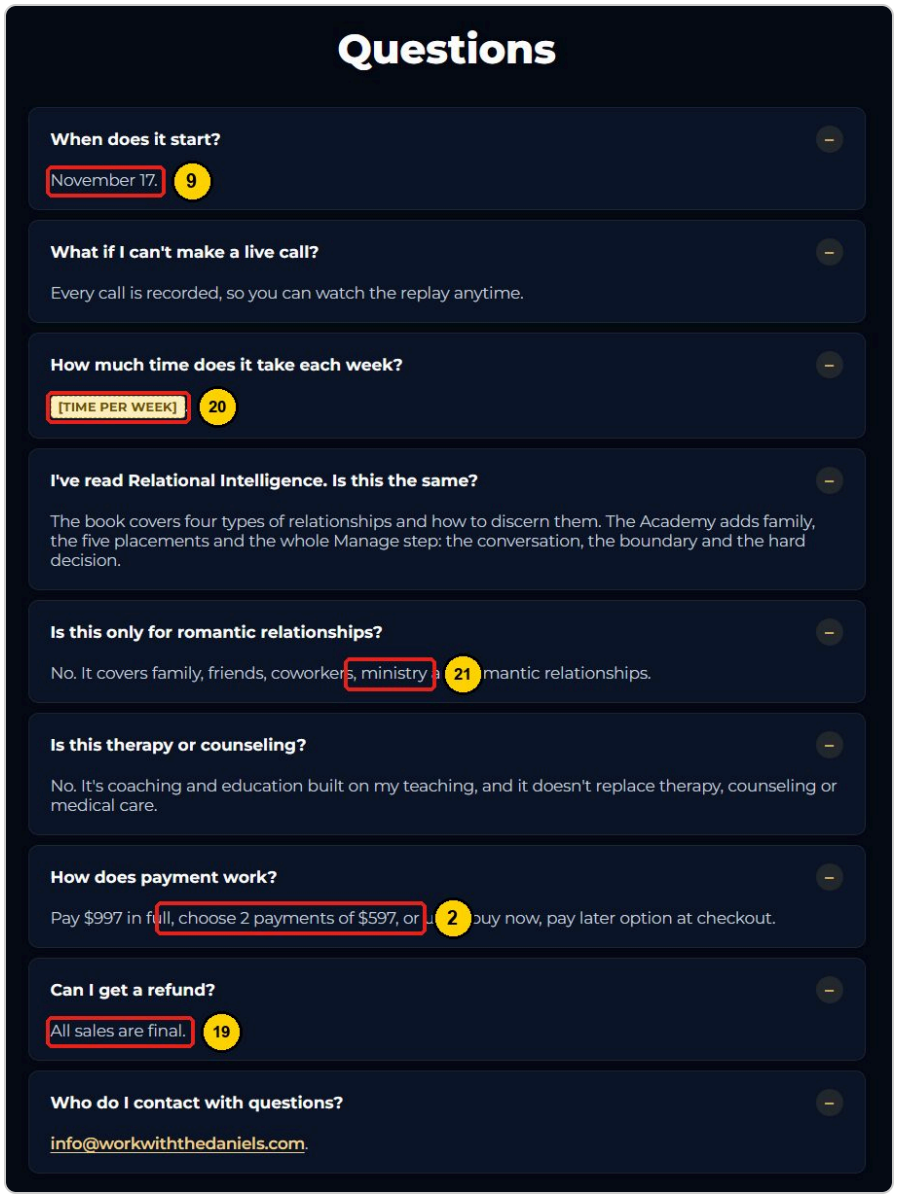

CHANGE TO

All sales are final. See the Refund and Cancellation Policy for the details. If you have a billing or access problem, email info@workwiththedaniels.com.

Link "Refund and Cancellation Policy" to relationalintelligenceclass.com/refund-policy.

Also on this screenshot: 1 [OPTIONS] and 5 11:59 AM ET.

Desktop · Questions (all answers opened)

20 **"[TIME PER WEEK]" placeholder is live** CONFIRM FIRST

↑ Back to summary

Question for the client: about how many hours a week does the Academy take? Then:

> CHANGE TO
> About [X] hours a week: the prerecorded training, the live coaching call (or its replay) and your assignment.

21 "ministry" in the FAQ CONFIRM FIRST

↑ Back to summary

The Relational Intelligence pages avoid church framing unless Dr. Daniels approves it.

CURRENT

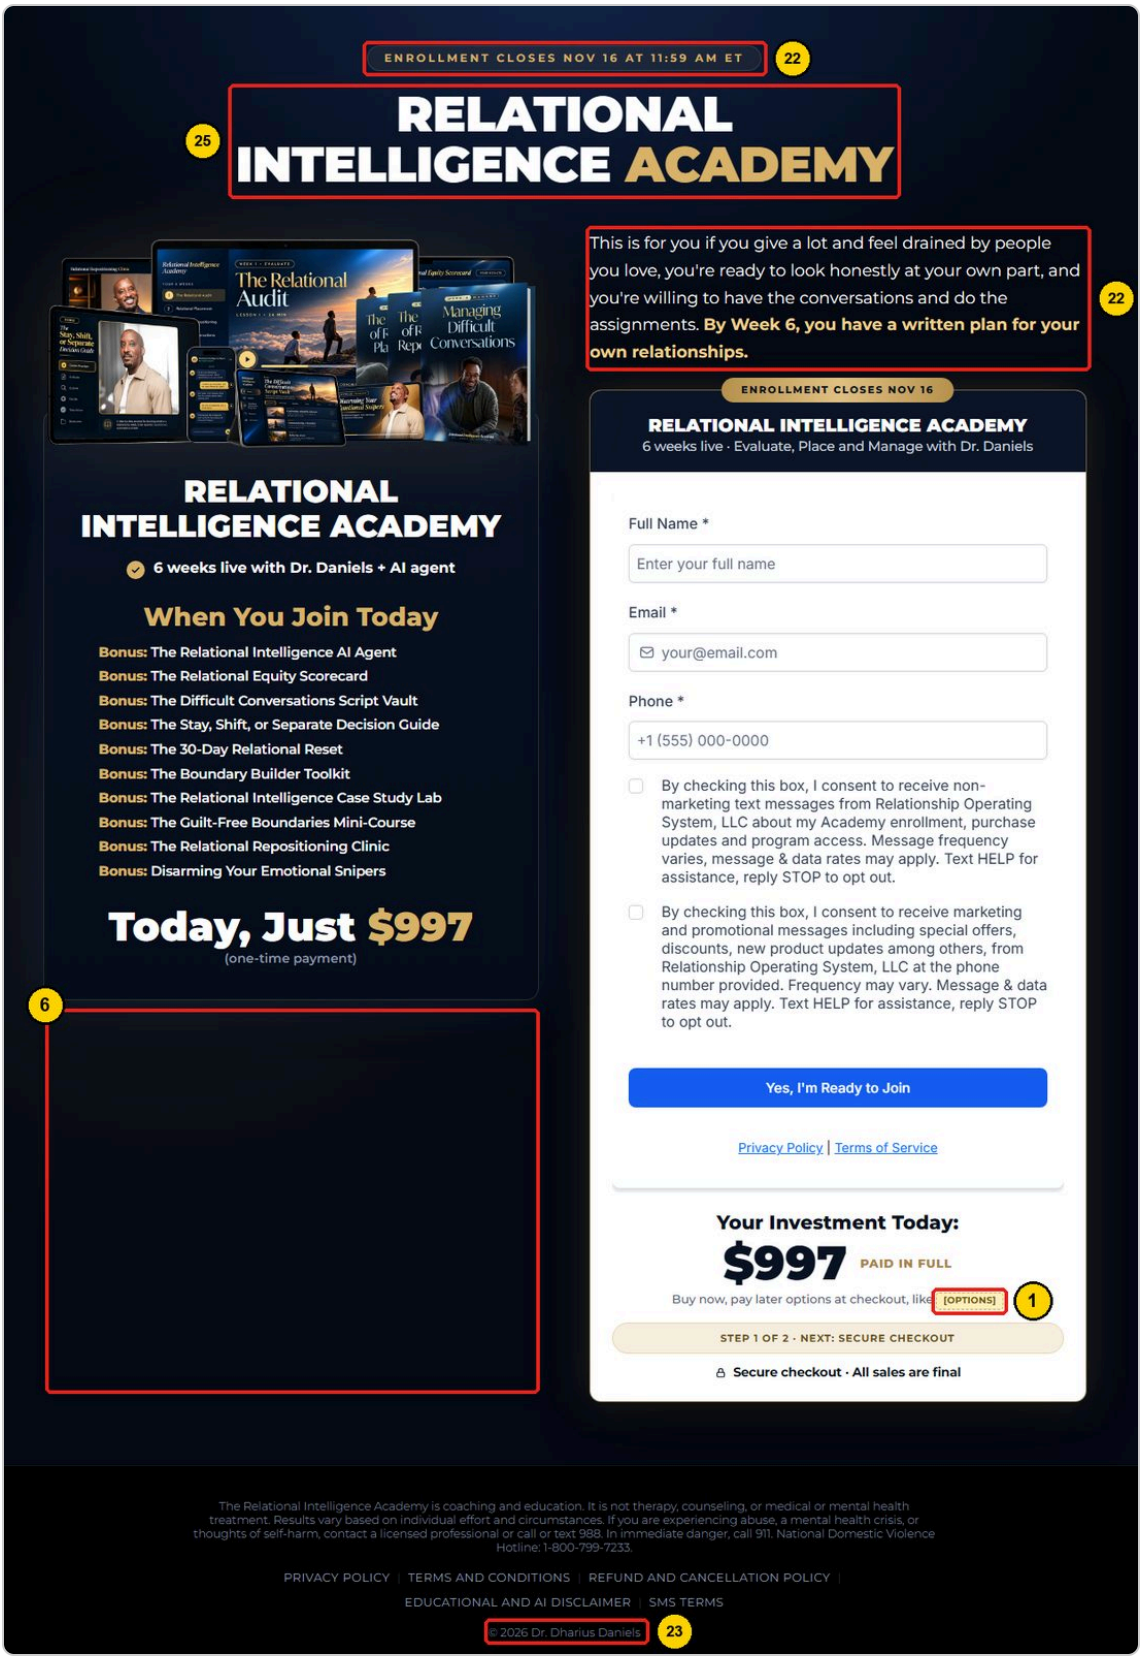

No. It covers family, friends, coworkers, ministry and romantic relationships.

CHANGE TO (UNLESS HE WANTS "MINISTRY" KEPT)

No. It covers family, friends, coworkers and romantic relationships.

Also on this screenshot: 9 "When does it start?", 2 2 payments of $597, 19 refund answer.

Desktop · Final section and footer

22 Final section repeats itself CHANGE NOW

↑ Back to summary

Two "Enrollment closes" labels sit one above the other (on phones the top one wraps to 2 lines). Delete the top one, "ENROLLMENT CLOSES NOV 16 AT 11:59 AM ET"; the gold label on the form card stays.

The "This is for you if you give a lot..." paragraph appears for the 3rd time (hero, "Is the Academy right for you?", here). Replace it here with a short closing line:

> **CHANGE TO**
> Six weeks. One written plan for your own relationships. **We start November 17.**

23 Footer company name CONFIRM FIRST

↑ Back to summary

The footer says "© 2026 Dr. Dharius Daniels", but the legal pages and both SMS consent boxes name **Relationship Operating System, LLC** as the company. Confirm the legal entity, then:

> **SUGGESTED**
> © 2026 Relationship Operating System, LLC. All rights reserved.

Also on this screenshot: 1 [OPTIONS], 6 empty space under the left card, 25 second H1 (next page).

Settings (not visible on the page)

24 **No tracking code loads on the page** CONFIRM FIRST ↑ Back to summary

Checked on Nov 3: no Meta pixel and no Google tag load on /academy. If ads, retargeting or purchase tracking are planned for the Academy, add the tracking code in the funnel's settings (and on the checkout and thank-you steps) before launch.

25 **Two main headings (H1)** CHANGE NOW ↑ Back to summary

The hero title and the final-section title are both H1. In the final section's code, change it to an H2 with the same styling. It looks the same, and it's better for search engines and screen readers.

Tested and working OK

- Every "Yes, I'm Ready to Join" button jumps to the form (desktop and phone).
- The phone sticky bar ("Academy $997 · Yes, I'm Ready to Join") appears once you scroll past the form and jumps back to it.
- All 5 footer legal links and both form links open working pages (no "Page Not Found").
- The Refund and Cancellation Policy matches "All sales are final" for the $997 program.
- "November 17", "$997" and the support email are the same everywhere on the page.
- The countdown is set to the date shown (Nov 16, 11:59 AM ET).
- The "not therapy" statement and crisis resources (988, 911, Domestic Violence Hotline) are in the footer, and the fit section points to them.
- The page title and share description are set (not GHL defaults).

What's working (keep it)

- The overall look: navy and gold, with high-quality mockups for every week and bonus.
- The week-by-week curriculum, with a "What you walk away with" for each week. It makes six weeks feel concrete.
- The balanced voice: "ready to look honestly at your own part", and the "This isn't for you if..." list.
- No outcome promises. Benefits are tied to what people get (a written plan by Week 6), not to how others will respond.
- "Every call recorded" answers the biggest worry about live programs.

Mobile · First screen (iPhone, 390 × 844)

M4 **The form starts just below the first screen** CHANGE NOW

↑ Back to summary

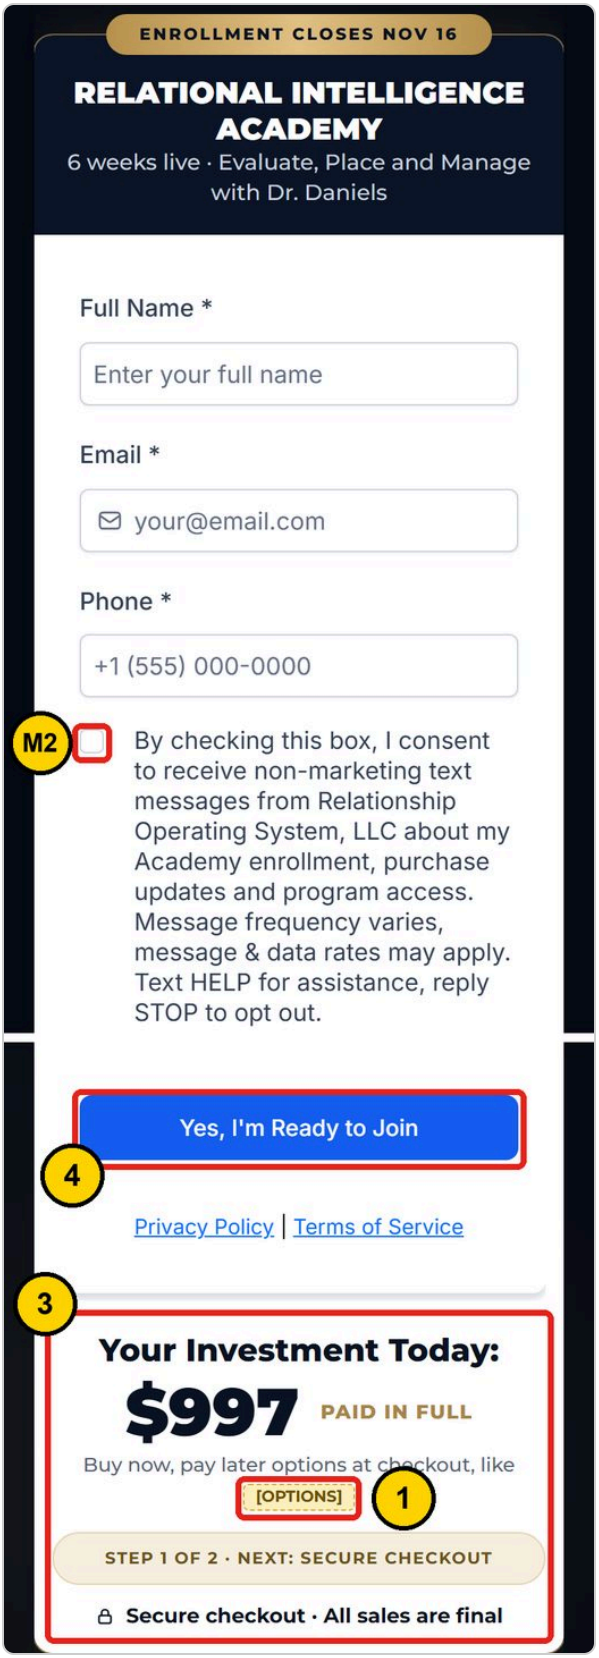

The blue dashed line is where an iPhone screen ends. The form starts about 130px below it. The "This is for you if…" paragraph sits between the headline and the form, and it's repeated in "Is the Academy right for you?" anyway.

Hide this paragraph on phones (or move it under the form). The form's "ENROLLMENT CLOSES NOV 16" header then shows on the first screen.

Tested and working on mobile OK

- No sideways scrolling; nothing spills off the screen.
- The sticky bottom bar appears after the form and jumps back to it.
- Form fields use 16px text, so iPhones don't zoom in when you tap them.
- The email and phone fields open the right keyboard.

Mobile · Order form

M2 Consent checkboxes are tiny

↑ Back to summary

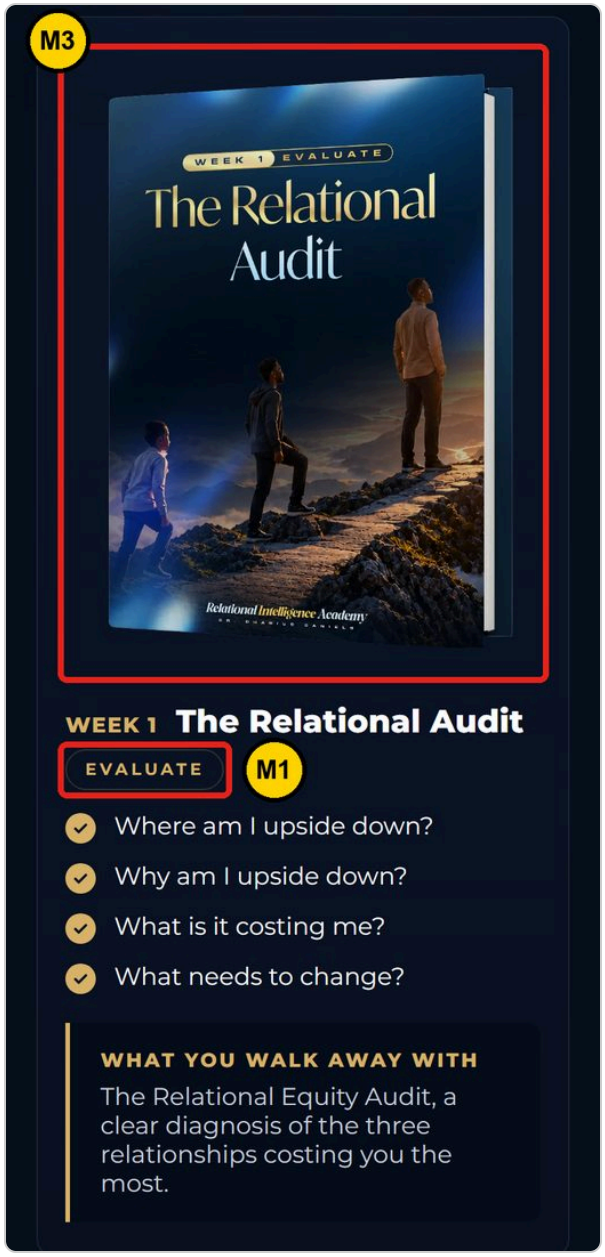

CHANGE NOW

Both checkboxes are 16 × 16px, hard to hit with a thumb. Make them 22–24px and let a tap on the text tick the box too.

3 Reminder: the price comes after the button on phones too

On a phone, "$997" and "Step 1 of 2" are a full scroll below the fields. Moving them above the fields (item 3) fixes both sizes. The gold button (item 4) and [OPTIONS] (item 1) apply here as well.

Mobile · Week cards and labels

M3 Big cover images make the weeks very long CHANGE NOW

↑ Back to summary

Each week opens with a cover image about 410px tall before any text, so "Inside the Academy" is about 7,300px tall on a phone. On phones, put the text first and show the cover at about half width, or hide the covers (the laptop image above already shows the course).

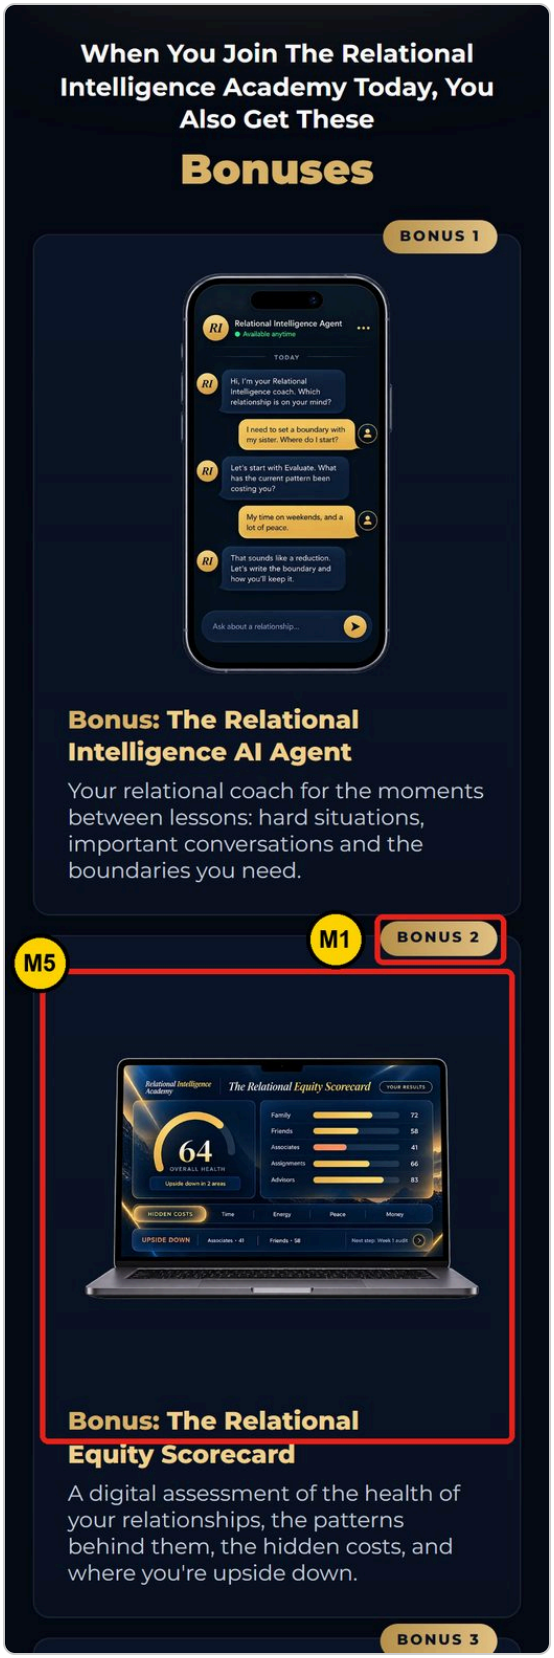

M1 Text too small to read CHANGE NOW

↑ Back to summary

Several labels are 10–11px on phones. Bring them all to 12px minimum:

- EVALUATE / PLACE / MANAGE pills: 11px
- BONUS 1–10 tags: 10.5px
- "DR. DHARIUS DANIELS" tag on the photo: 10.5px
- Countdown DAYS / HOURS / MINS: 10px
- "STEP 1 OF 2" and the [OPTIONS] line: 10–11px

Mobile · Bonus cards

M5 **Bonus cards: image beside the text** ↑ Back to summary

CHANGE NOW

Each bonus card is about 500px tall on a phone, mostly empty space around the image. Put the image on the left (about 100–120px wide) with the title and text on the right, or cap the image area at about 180px tall. That cuts the bonus section from about 5,000px to under 2,000px.

M1 **Reminder: the BONUS tags are 10.5px**

Covered in M1.
